MUSIC PRODUCTION COURSE GUIDE & APPLICATION

4 WEEKS | 4 LESSONS | 2 HOURS PER WEEK

8 free hours of extra solo practice time, booked in advance.

THE FOUR-WEEK COURSE

A practical Grimehouse Studios programme covering electronic music production from your first session to a finished track. One 2-hour classroom lesson per week.

WEEK 1 / FOUNDATIONS

MODULE 1 / DAW workflow & project setup

Understanding your production software, project organisation, audio and MIDI, and building a working session.

MODULE 2 / Drums, rhythm & groove

Programming drum patterns, working with tempo, creating rhythm and developing groove.

WEEK 2 / WRITING & SOUND DESIGN

MODULE 3 / Music theory & musical ideas

Practical keys and scales, writing basslines, chords and melodies, and building musical ideas.

MODULE 4 / Synthesis & sound design

Understanding synthesis, selecting sounds and shaping instruments for your own production.

WEEK 3 / BUILDING YOUR TRACK

MODULE 5 / Arrangement & song structure

Developing sections, transitions, energy and a complete arrangement from your musical ideas.

MODULE 6 / Sampling, automation & effects

Editing audio, using samples, automating parameters and applying effects creatively.

WEEK 4 / FINISHING YOUR MUSIC

MODULE 7 / Mixing foundations

Balancing levels, EQ, dynamics and stereo space to make a track sound cohesive.

MODULE 8 / Finalising, mastering & exporting

Mix refinement, mastering fundamentals, exporting your music and reviewing your finished track.

FINAL MUSIC LISTENING SESSION

FRIENDS & FAMILY WELCOME

Students present the music they created during the course at a listening session. Friends and family are all welcome to attend and enjoy the music.

Includes 8 hours of extra solo practice time (advance booking required).
